Lutsk is a city on the Styr River in northwestern Ukraine. It is the administrative center of the Volyn Oblast (province) and the administrative center of the surrounding Lutsk Raion (district) within the oblast, though it is not a part of the raion. Lutsk has the status of a city of oblast significance, equivalent to that of a raion, and a population of 217,197 (2021 est.)

The heart of *Volyn* is **Lutsk**, one of the most ancient, mysterious and charming cities in *Ukraine*. It is well known for its rich history, which determined the city's appearance. Today, **Lutsk** manages to harmoniously combine the monumentality of Soviet architecture with the grace of ancient buildings that continue to preserve *Kyivan Rus'* and *Medieval Europe's* spirit.
